DAYTIME VERSION

We are so honored to have the support of the print and online communities. Here are some excerpts, but we prefer that you try a roll and tell us what you think!

"These two scamps have been playing Mr. and Mrs. David to the local Fairway's lobster Goliath since summer. They've cut meat into buttery lobster rolls at the Brooklyn Flea; they've sold lobster grits and steamed knuckles of Jonah crab. Now they're steaming lobsters out in Rocky's courtyard, fat, hard-shelled fellows deep with the flavor that only fall ocean brings."

Sam Sifton - New York Times

"Just lemon, salt, butter and paprika. The flesh, laid into a JJ Nissen bun, is so delicate it's like biting into meringue. A gloss of homemade mayo rounds out the flavors."

Ryan Sutton - Bloomberg

"If this place were on Cape Cod, I'd dream about it all winter long. ...my personal tradition runs to the warm Connecticut-style roll dressed with melted butter. Also excellent are the New England clam chowder, thickened only with cream, and the lobster bisque."

Pete Wells - New York Times

"One bite into the lobster roll, bursting with seafood that's trucked down from Maine, and I'm hooked; bonus points for the barely there binder of mayonnaise, fresh lemon juice and minced celery."

Tom Sietsema - Washington Post

"And what a star it is, from the soft top-split JJ Nissen bun, buttered and toasted on the outside for maximum texture, to the sweet lobster salad with chopped celery, minced chives, and the barest hint of homemade mayonnaise."

RICE TO RICHES

A problem we have at RICE TO RICHES is that our overly creative (prima-donna) chefs become bored very easily. The solution is to allow them to constantly invent new flavors. The end result is a menu that changes not only seasonally, but also due to ingredient availability, the weather, and erratic mood swings.

Feel free to express your disappointment if your cherished flavor is not available. Or may we suggest you adventurously try one of our rousing replacements. Please log on to our website to check the current flavor list at www.ricetoriches.com

RICE PUDDING -
THE OTHER MAJOR FOOD GROUP

New Yorkers are always looking for
something stimulating, something distinct.
At RICE TO RICHES, we've taken
RICE PUDDING and given it a make-over.
Who knew that by scientifically combining
optimum hand-picked ingredients from around
the world, we would stumble on a
RICE PUDDING so threatening to other
desserts that we were told by the government
to keep our recipes confidential.

The bridge that spanned the River Kwai links Burma and Thailand. It was built by British and allied Prisoners of War during the war years 1942-1945, but it was never used. The movie, "The Bridge on the River Kwai", was made famous by stars such as Alec Guinness and Frank Sinatra.

In mid-1942 after the fall of Singapore, the British had expected the Japanese to take a few months to get to Burma but the Japanese Imperial Army force through India, China and Thailand, invaded Burma and caught thousands of British and allied forces by surprise. These prisoners and a lot more from Malaya were taken to the war zone. Large numbers of British and Australian Prisoners of War were made to build roads and bridges and one such group camped out at the Burma-Thailand border. The Japanese then forced these Prisoners of War to build the bridge that spanned the River Kwai. But before it could be used the prisoners blew the bridge so that it would not contribute towards the Japanese war effort.

The bridge still stands as a memorial to the many who died while constructing the bridge. It is now a popular tourist attraction, especially for the younger generation, to whom World War II is something of the past.

EVERYTHING YOU ALWAYS WANTED TO
KNOW ABOUT (OUR) RUSSIAN FOOD,
BUT WERE AFRAID TO ASK...

*I am avoiding any fried dishes. Can you tell me what is
fried?*

Oh, that's easy! Nothing. We do not fry anything - we simply cannot
eat a fried dish on the Upper East Side. All our items are baked or
grilled without any oil.

*Do you use any preservatives? I am really allergic to
those things...*

God forbid! No! We do not use any chemicals of any kind for any
reason. All our items are 100% natural.

*What is spicy tomato or creamy mushroom sauce? How
spicy is spicy? Does creamy sauce contain cream?*

Spicy sauce is tomato based, with mushrooms, onions, sweet bell
peppers, celery, carrots and spices. How spicy is it? Survivable. You
will not need a gallon of water after each bite. Creamy sauce is very
mild and there is no cream in it. However, there is milk. And some
flour, and mushroom. No, not a lot of mushrooms, don't get your
hopes high.

Are there garlic and onion in your fillings?

There is no garlic or onion in our vegetable fillings. As for as
chicken and beef are concerned, yes, we use some. We guess, it means
no heavy kissing tonight. On the other hand - two onion breaths
cancel each other.

What are "potato cakes"? Is it sweet, like a carrot cake?

It's not sweet at all. It is a small thing, similar to potato pancakes and
it's made of shredded fresh potato, onions, garlic, herbs and spices.

*Why do many of your dishes are served with sour
cream? Haven't you heard about cholesterol? Why don't
you use any apple sauce?*

We cannot help it - it's a tradition. Russians started on sour cream
long time before cholesterol was known. As you can see, we all
survived. We guess it means that a tiny dollop of sour cream is not
that fatal. About apple sauce for your potato cakes - well, it simply
is not Russian, it's German. Hey, you do not mind Mexican chicken
dishes with guacamole instead of b-b-q though you are used to b-b-q.

What berries are in your berry preserves?

We try to keep it wild cherry. If we cannot buy 'em, we use regular
cherries. Or whatever berries are in season.

*Now, this thing with Russian tea. First of all, what is
Russian tea? I've heard, it should be served in a tall
glass with a silver glass holder and a piece of sugar
that I should keep between my teeth while I drink it.*

As far as all glasses go - you heard right. But, guys, we are a fast
food place! How about serving it in a tall paper cup, otherwise we
will be out of business in a jiffy. About a lump of sugar - it is served
only with a tea in a cup and a saucer. Then you pour the tea in a
saucer and tip it through a piece of sugar. Do not practice it in your
best dress!! Altogether, Russian tea is a special blend of natural (not
decaffeinated) teas, where we first add a little of a very strong,
condensed and filtered tea concentrate into your cup and then dilute it
with boiling water to your liking. Don't take it very very strong or
you'll end up flying high under the ceiling.

*Is your coffee a Russian coffee? One time I saw a
Russian coffee cake in some store. Do you have that?*

Our coffee is a regular American coffee. Just plain. Russian coffee
does not exist. Russia has a wonderful tea culture and no coffee
culture at all. Russian coffee cake is an American invention. Nobody
in Russia ever heard of it. The same is a Russian salad dressing
exists only in American supermarkets.

WHAT CAN WE ADD?

"NA ZDOROVIE!"

THAT MEANS - ENJOY IT IN GOOD HEALTH!

All prices are subject to 17% tax.

Welcome to XOXO
